WHO WE ARE

Vita Cyprus is a leading plastic manufacturing company based in Cyprus, specializing in advanced rotational molding technology.

We produce high-quality, durable plastic solutions including water tanks, flower pots, pet houses, waste collectors, bins, road barriers, canoes, and more.

By managing the entire production process in-house, we ensure exceptional quality, consistency, and reliability in every product we deliver.

**“SHAPING PLASTIC.
BUILDING QUALITY.”**

PRODUCT PROPERTIES

Lightweight:

Easier to transport and handle compared to heavy clay, stone, or cement pots.

Durability:

Resistant to cracking and weather damage, ideal for both indoor and outdoor use.

Design Flexibility:

Allows for a wide range of shapes, sizes, colors, and textures.

Cost-Effective:

Generally cheaper to produce and purchase than traditional materials.

Customization:

Easy to incorporate features like drainage holes and specific designs

Eco-Friendly Options:

Often made from recyclable materials, with a lower carbon footprint.

Impact Resistance:

Less prone to breakage if dropped or knocked over.

Low Maintenance:

Easy to clean, resistant to stains, mold, and algae.

What Sets Us Apart

- Complete In-House Production – Full control over quality.
- Rotomolding Experts – Durable and reliable products.
- Proven Export Success – Trusted worldwide.
- Efficient Logistics & Secure Packaging – Safe and reliable deliveries.

Expanding Globally

We pride ourselves not only on being the largest manufacturer of plastics in Cyprus but also on our commitment to global excellence. With our dedication to innovation and quality, we offer premier exporting services, extending the reach of our renowned products far beyond Cyprus.

Pallet & Container Loading Process

- Order Preparation: Arrange flower pots on the pallet based on the customer's order.
- Secure Stacking: Place pots carefully to maximize stability and space.
- Wrapping: Wrap the pallet with stretch film to keep it stable and protected.
- Container Loading: Load pallets efficiently into the container.
- Final Check: Ensure stability and secure the container for delivery.

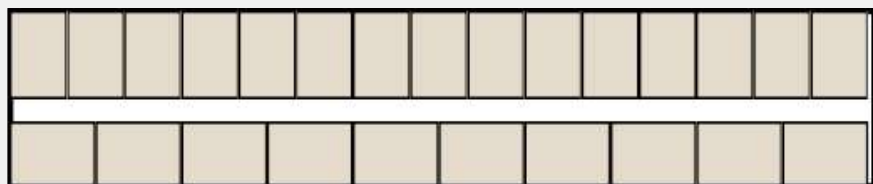

**Material of flower pots:
100 percent polyethylene
with a UV Stabilizer agent.**

10 years guarantee

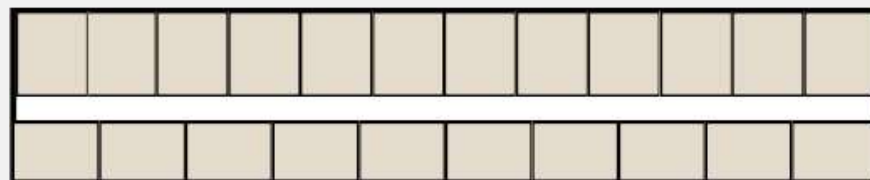

For export we use only 40' high cube containers

25 EURO PALLETS

22 AMERICAN PALLETS

EURO PALLET

40' HIGH CUBE

AMERICAN PALLET

*For loading if necessary, sometimes we use mixed EURO & AMERICAN pallets
